The fate of the Twilight Town uncertain until you stop the villains before they unleash powerful forces that will destroy the mystical city.

This unique detective quest combines the features of a city builder and finding games. That implies solving ordinary time management problems: taking care of cargoes, shipping and production in the town, keeping the citizens entertained and happy with their scale of living... and protect them from wicked sorcerers, bloodthirsty vampires and vicious werewolves. However, you won't be able to display your strategy talents and build up your town unless you make a fortune. Explore beautifully drawn and richly colored hidden object scenes and display your Match 3 skills to earn some cash. Like gambling? Try your luck at the roulette table and Wheel of Fortune, or just play slots. Solve word puzzles to learn the history of Twilight Town, find enchanted collectibles, and proceed through mystery adventure quest!

Don't forget that Twilight Town is the cradle of the powerful creatures, so be ready for constant scheming, natural disasters and secret affairs. A handsome guy from the pub over the corner could very well be a werewolf, an emotional actress threatens to get the world frozen because of a broken heart, and dark rumours about ancient ruins and a misty mountain in the uptown spread along. So, watch you back, and search for the clues in 19 seek-and-find locations. Run your own crime investigations and restore law and order in your new estate.

This adventure will turn your world upside down. Delve up the darkest secrets of the mystical city and discover a stunning mix of hidden objects and city building games.

Hidden Objects: Twilight Town is a rare find for all mystery games fans as it puts a hidden object adventure in the eerie setting, featuring outwardly creatures and ancient mysteries.
